## Helping hands—and 4x4s

Thanks to all who in recent days have helped neighbours with shopping, snow clearance and extraction of cars from snow drifts. However there may be people who have needs that no-one has offered to assist. As well as getting people out of the village, district nurses and others may need to get in.

Is there any interest out there for an informal co-ordination of those who could offer lifts, errands or towing during adverse weather? Let us know if you are interested (and especially if you might be able to offer a contact phone number).

The Yorks—Lincs 4x4 response group still provides valuable help to many organisations but no longer offers help directly to members of the public.

## CAROL SINGING

The annual carol singing round the village will be on Monday 20th December.  
Meet at 6.00 at Chapel Corner.

Season's greeting to all our readers

## CLEARING SNOW

East Riding Council has issued a guidance sheet, available (if you look hard enough) on its web site. Find <http://www.eastriding.gov.uk/atoz/details.aspx?id=540> and click on "snow clearing guide". A copy is displayed on the notice board.

Some salient [if ungrammatical] points include:

Salt is very effective and requires only a small amount spread over a wide area to stop ice forming, all types of salt are effective for example dishwasher or even table salt works well when treating household paths and drives.

- Always put salt on the path after you have shovelled away snow to prevent the residual film icing over
- Salt does not need to be spread like sand. An amount similar to a bag of sugar is enough to treat ten paces of footpath.
- Do not pile up snow where it will block or obstruct the footpath, access to property or road in any way
- Avoid using water as it may freeze and make the situation more hazardous
- Take care to ensure all hand tools are removed from the highway

The Department for Transport advice includes:

There is no law preventing you from clearing snow and ice on the pavement outside your property, pathways to your property or public spaces. It is very unlikely that you would face any legal liability, as long as you are careful, and use common sense to ensure that you do not make the pavement or pathway clearly more dangerous than before. People using areas affected by snow and ice also have responsibility to be careful themselves.

If there is no salt available, then a little sand or ash is a reasonable substitute. It will not have the same de-icing properties as salt but should offer grip under foot.

## SALT PILES AND BINS

The Parish Council arranges for ERYC to replenish the salt bin and salt piles. The provision of new salt bins is paid for out of your precept. Please remember that this salt is provided to make the **roads and pavements** safer for all. It is not intended for private use. Please do not abuse the provision by removing salt for use on private driveways. Thank you.

### High Wolds Heritage Group

The next meeting of the HWHG is on Thursday December 16th at 7.30 pm in Thixendale Village Hall. Please join us for an evening of musical memories. Brenda McFall's musical ensemble 'A smile and a song' will entertain us with songs and memories of times gone by and no doubt there will be some Christmas music as well. Please bring something for a Bring and Share Supper. Hope to see you there.

## NEIGHBOURHOOD WATCH

Archers devotees and others will know that the cold weather does not deter rural crime. Keep the police non-emergency number handy and report anything suspicious: **0845 606022** (for life threatening situations call 999)

## Beware, free range children and wildlife - Speeding in the Village

At the last Parish Council Meeting we discussed the speed at which vehicles are being driven through the village, both on the top road and in the village itself. Several villagers have expressed their concern for their own safety and that of others, especially children, asking us if we could do anything to highlight the problem and ask for your consideration when driving your vehicles in and around the village.

We are in discussion with East Riding Council exploring whether anything can be done to slow traffic on the top road and increase our safety. The purpose of this note is to ask you to be aware of your speed in and around the village taking care to drive safely ensuring all of our safety.

Thank you for your consideration and cooperation.
