

**St MARY'S CHURCH**  
Sunday services at 9.15

7th June All Age Worship led by Paul Taylor  
14th June Morning Prayer led by Mile Bailey  
21st June Morning Prayer led by Bronnie Broadhurst  
28th June Morning Prayer led by Liz Stott

**HIGH WOLDS  
HERITAGE GROUP**

Exhibition at Sledmere House  
27th and 28th June

**“Worship on the  
High Wolds”**

The theme for the exhibition this year will be worship, beliefs and practices over time on the High Wolds. This will include pre-Christian worship, going back to burial mounds and chariot burials, as well as displays about the churches and chapels in the villages of the High Wolds.

Thank you to all who contributed to the **Christian Aid** collection in the village. The proceeds will help Christian Aid in their work for the neediest and most disadvantaged people across the world.

**West Wolds Radio**

based in Pocklington offers a variety of local information and “listen again” items on its web site  
[www.westwoldsradio.co.uk](http://www.westwoldsradio.co.uk).

Apparently items are also broadcast on FM radio ... though there is little clue as to where and when!

**CONTACT AND CONTRIBUTE**

**Huggate News** is produced by Jenny Zarek and Teresa Purdy. If you would like to receive future editions by email, please send us your email address.

You can contact Huggate News by email at [huggatenews@btinternet.com](mailto:huggatenews@btinternet.com), or in writing c/o Horsedale House or Orchard House. What we write is only as good as what you tell us, so please send news of events, opinions, comments—anything to share with your neighbours.

**PLEASE send information BEFORE THE END OF THE MONTH** for the next edition, so that we can produce it promptly.

**Huggate News is grateful to Huggate Parish Council for financial support for the costs of production.**

# HUGGATE NEWS

June 2015

painting “My Favourite Thing”

Items for stalls are needed—please get busy!

Handicrafts—to Rozelle Tilburn at Willow Lodge

Plants—to Lesley Whelan at Brooklands

**Help and ideas gratefully received; meeting 8th June, 8pm.**

Contact Selina Hopwood, 288134

# PARISH COUNCIL NEWS

The Council would like to express thanks to **Linda Davies**. Linda has worked tirelessly whilst being both a parish councillor and since 2011 as Chair of Huggate Parish Council. We can all thank Linda for ensuring a knowledgeable and cohesive council, snow clearance in the village, introduction of an informed and objective process for considering planning applications, introduction of the many policies etc that are now required of even a small parish council and all the miscellaneous behind the scenes work. On behalf of the residents of Huggate, the Parish Council would like to thank Linda and send her our best wishes.

**Alan Barnett**. Alan served on the parish council for the last 3 years and managed to attend meetings despite his recent ill health. He was a stalwart member who could be counted on to have an awareness of the issues in the parish. Huggate parish would like to thank Alan and wish him all the best.

---

At the council at the meeting on 19 May Jenni Shields was elected as the new Council Chair and Jane Leaver the new Deputy Chair.

## High Wood Wind Farm

There was a good response to the recent postal survey. Returns were received from the majority of village residents, showing that 70% were against the proposal. Council members themselves were unanimous in their opposition to the scheme. A letter is being sent to the East Riding Council Planning Department voicing the concerns of the village. We hope our views will add to the increasing groundswell of indignation from residents of the Wolds who do not wish to see any further destruction inflicted on a unique and beautiful landscape. A summary of the issues discussed by the council is displayed on the Village notice board and the Huggate website (<http://www.huggate.org.uk>).

## Adopt a Kiosk

Correspondence has been received from BT regarding the old village telephone kiosk near the bus shelter. BT has a scheme whereby villages are encouraged to adopt their own kiosk for use as they see fit. Many towns and villages across the country have already adopted kiosks and use them in a variety of ways, e.g. mini libraries, village information display points, selling surplus plants and vegetables or to house a defibrillator unit. If the kiosk is adopted it could be restored to its former red shining glory and the village then will have gained a useful asset to replace a rather forlorn and shabby old object. The Council will investigate the feasibility of BT's offer and report back. So watch this space!

## Village Green Goal Posts

The dilapidated village green goal posts are to be replaced. The new goal posts will be made of steel as it was felt that they would last much longer than the old wooden ones. The posts will complement the cradle basket swing to be placed at the bottom of the upper Village Green and together they will provide an area for the children to enjoy.

## Bottom Pond Clearance

Concerns were raised about the state of the bottom village pond, which is almost completely silted up with mud and has become an eyesore with old tyres, pieces of wood and branches littering the surface. As well as this unsightly visual effect, there is a danger to small children as there is no barrier to prevent access. The pond is a natural seepage pond and it will require a specialist company to assess the way ahead if this area is to be made safe and also turned into an attractive feature of the village. The council has agreed to investigate any restoration/safety measures which could be taken together with the costs involved. This initiative to improve the appearance of the village is one of a number of measures being looked at under the heading of Village Housekeeping. Members of the council will shortly tour the Huggate area to assess sites that are in need of tidying or jobs that could be undertaken. One idea already being looked at is to involve members of The National Citizen Service who are actively looking for projects for their members to become involved in.

## Speeding and Warter Road Junction

Very few vehicles using the village top road obey the 30 mph speeding restriction. This practise is dangerous in itself, but becomes even more so when vehicles cross the junction with the Warter road at high speed. Any vehicle entering the village from Warter is forced to edge out to check if the road is clear and a misjudgement could very easily occur. This potential hazard has been raised before with both the police and the East Yorkshire Council without any solution being suggested. However, as the council feels that it is only a matter of time before there is a terrible accident, the clerk to the council is to take this matter up again with the police and hope that, this time, they will advise on some suitable traffic calming measures.

Comments are always welcome from village residents on any of the issues or initiatives mentioned in this Parish news letter. If you have any comments or ideas, please pass them to the council for consideration before the next meeting on June 16<sup>th</sup>.

---

## NEW PARISH COUNCIL NOTICEBOARD—inside the bus shelter

---

### NHS MINOR INJURIES UNITS

The local clinical commissioning group is reminding East Riding residents that minor injury units are a fast way to get treatment for minor injuries including minor fractures, sprains and strains, cuts, bites and minor burns. You can walk in and be seen by a qualified nurse practitioner - you don't need to ring up to book an appointment.

With modern facilities, experienced, trained staff and units throughout the East Riding they are a great easy-to-use service for people with less-serious injuries. Children over 12 months can be treated and X-ray facilities are available for minor fractures.

There are East Riding Minor injury units at Beverley and Drifffield, and a York Hospitals unit at Malton.

**Remember that A&E or 999 should only be used for the most serious and life-threatening emergencies. Call 111 for advice if you are unsure about where to go when you're ill.**
