## FOOTPATHS

We are lucky to have many miles of public paths in the parish - at a total length of more than 30 km, the second highest tally in the East Riding.

Public access routes are designated:

**Footpath**—walkers (and wheelchairs and pushchairs) are permitted

**Bridleway**—walkers, horse riders (but not horse drawn vehicles) and mechanically propelled (not motor) bicycles are permitted

**Restricted Byway**—walkers, horseriders, cyclists and horse drawn vehicles permitted.

**Byway**—motorised vehicles permitted

The tracks making up the Wolds Way and the Minster Way are shown on the Ordnance Map as “Recreational Routes”. This designation does not alter the underlying category of the track, and does not allow the use of motorised vehicles such as quad bikes and motor bikes.

The ERYC map of the paths in the parish is on the village web site, and shows which are footpaths and which are bridleways (there are no byways in the parish), along with maps of the Permissive Access land. A map for other parishes, and much other useful information, is available on the Walking the Riding web site.

# PARISH COUNCIL NEWS

## 1. BOTTOM POND CLEARANCE

An inspection of the bottom pond was carried out on Wednesday 18 Jan by a suitable contractor accompanied by members of the Parish Council. It was decided that it would take at least a week, with heavy tracked vehicles involved, to clear the mud and debris from the pond. This is not an easy task as care has to be taken to minimise any damage to the surrounding grassed area. The contractor will now submit his estimate for the cost involved for perusal by the council. If it proves satisfactory, then work on the pond will commence in the near future.

## 2. RUBBISH CLEARANCE

The Council would like to thank the public spirited members of the village who collected litter from the verges of the three village approach roads. Several large black bags of plastic bottles and other unsightly objects were collected. This is an ongoing problem which blights this beautiful area we live in. Maybe when these litter louts see our nice clean verges in the future it will give them food for thought. However, I will not be holding my breath!!

## 3. DRIFFIELD ROAD CONDITION

As reported in the December edition of the Huggate News, the condition of the road surface on the bend of the Driffield road as you leave the village towards Wetwang is in a very poor condition. Another cyclist has been knocked off his bicycle by a vehicle avoiding the water filled pot holes in that area. Fortunately, no one was injured.

This has been reported to the appropriate department of the EYRC on several occasions. The Highways department is snowed under with repair work on the county highways and byways but they have promised action to deal with this problem as soon as possible.

## WOLDS WEIGHTON NEIGHBOURHOOD POLICING
