4th February All Age Worship led by Annie Harrison  
11th February Morning Prayer led Rodney Nicholson  
18th February Eucharist, celebrant Shelagh Jones  
25th February Morning Prayer led by Brian Snelson

14th February **Ash Wednesday.** Service at Pocklington, 10 am

**Inside the Church**

We have now removed some pews from the front of church as planned. Unfortunately this has revealed the pew platform floor is in a fairly bad state. Wet rot has done a lot of damage over the years and the joists are now rotten. Anyone visiting the church at the moment will see it does look a mess at the front. However, something is going to be done! We will put a temporary plywood floor down to make the area safe and useable. This will then be followed up with proper repair work.

**Huggate links with Primitive Methodism**  
**The Noble-Partridge family of Wold House, Huggate**

I am researching the Primitive Methodists and Elmfield College, York. The Noble-Partridge boys from Wold House, Huggate went there. Does anyone have any information about this family please, or about other Primitive Methodists who lived in or near Huggate?

I'll be glad to hear from you if you can email me please on [jb43@york.ac.uk](mailto:jb43@york.ac.uk) or ring 01904-330334.

Design for the display board for near well is progressing well.

Residents Questionnaire will be delivered towards the end of February - please look out for it, complete and return it.

Grass Cutting - agreed to continue with the ERYC grass cutting as this offers best value for money - the map of current grass cutting areas is being reviewed by councillors.

Also we have three new trees at the bottom pond and some more to come thanks to contribution from resident.

## Brain Tumour Research UK

Brain tumours are indiscriminate; they can affect anyone at any age and they tear families apart. What's more, they kill more children and adults under the age of 40 than any other cancer... yet just 1% of the national spend on cancer research has been allocated to this devastating disease.

Brain Tumour Research is a national charity striving to fund a network of dedicated research centres. We support the UK's largest group of laboratory-based scientists progressing world-class research into brain tumours, to improve treatments, survival rates and quality of life for patients, and ultimately find a cure. We are the only national charity dedicated to research into brain tumours and campaigning to increase the national investment in brain tumour research. We rely solely on local communities like yours and the generosity of the general public.

Here are a few simple and easy things you can do to help us fund the fight. Take part in our Wear a Hat Day in March – the UK's premier brain tumour research fundraising event. The event is being supported by businesswoman, model, actress, and television personality, Caprice, alongside actor and author, Sheila Hancock CBE. Since it started in 2010, Wear a Hat Day has raised well over £1 million. Visit our website, [ <https://www.braintumourresearch.org/> ] find out what's happening and take part in some of the fundraising events that are taking place in your region.

Thank you to Richard Knocker for this view of Huggate in the snow.
